

UV Curable Printing Ink

UV Silver AR-NV

For UV Offset / Letterpress / UV Dry Offset

“UV Silver AR-NV” is Solvent free type UV silver ink and excels in brilliance and transferability.

◆ Features

- Non VOC
- Solvent free
- Good storage stability
- Excels in brilliance

◆ REMARKS

- Keep away from direct sunlight.
- Store in a cool and dark place.
- When reducer is used, add No.2 UV Context as shortening compound up to maximum 15%. Excess amount of addition causes inferior curing.
- Always pretest inks on the substrate to be used for sufficient adhesion.

-
- The data contained herein are based on the results of the tests conducted in accordance with the in-house test methods, and are not standard values. Always conduct pre-use tests to ascertain the suitability of the product to your requirements. Nothing contained herein is to be construed as a recommendation for use in violation of any patents, applicable laws or regulations. It is the responsibility of the user to comply in all respects with applicable laws and regulations.
 - Owing to product improvement the information contained herein may be modified without any prior notice.
